CREATIVE DESIGN

GRAPHIC DESIGN

Original, bespoke design. Unlike many online designers we never use templates, and everything we do is specifically tailored to you. Everything we do is crafted from scratch - based on your brief to us.

We'll give you a fixed price for your project based on your brief. However, if you change your brief during the design process, you may incur additional charges.

To give you an idea of costs, here are the starting prices for typical items we design:

Brochure Design	**starts from £299**
Menu Design	**starts from £129**
Stationery Design	**starts from £39**

Graphic design is all about time. The time a designer spends communicating, researching and actually designing your project all has to be accounted for. We're transparent about this and we'll always estimate as best we can based on the following rates:

1 hour design time	**£79**
30 minutes design time	**£39.50 (our minimum design charge)**

File Check **£20**

Select a file check for your job and we will make sure your file is correct before sending it to print. Once your file has been checked we will let you know if there are any issues.

BRAND IDENTITY

Your brand is the cornerstone of your business. It's not just your logo, but your colours, voice, fonts and spirit of your company. Professionally establishing your brand identity is a one-off investment that is going to pay off many times over the years.

Our branding packages start from £299

HOW TO SUPPLY PRINT FILES

Want to supply your own artwork? No problem!

We require all files supplied with 3mm bleed on all sides to ensure edge to edge printing. The below sizes include 3mm bleed.

What size should my file be?

A7	80x111mm
A6	111x154mm
A5	154x216mm
DL	216x105mm
A4	216x303mm
A3	303x426mm
A2	426x600mm
A1	600x847mm
A0	847x1195mm

Business Cards 91x61mm

Banner Stands 806x2276mm

What is the specification?

CMYK :: 300dpi
or 150 dpi if it's A2 or larger

ENSURE ALL TEXT & LOGOS ARE AT LEAST 7MM AWAY FROM THE PAGE EDGE

Why not RGB?

RGB is used for electronic devices (monitors, TVs) while printers use a CMYK process. We can convert your RGB file to CMYK, but it can result in some colours appearing washed out. We recommend creating your file in CMYK in the first instance so we can match your colours as closely as possible.

Save your file as a PDF

Email your file direct to **edinburgh@nettl.com**

WE OFFER SAME DAY PRINTING...
...on many items in this buying guide. Look out for the **estimated** turnaround time on each product.
If you have a specific deadline, please let us know.

SIGNS

Most types of business need signage. Retail shops, restaurants, bars, factories and takeaways are just some of the businesses that need well designed, durable signs that highlight their branding and draw in new customers. Nettl of Edinburgh specialise in designing, producing and installing signs for the businesses in Edinburgh, the Central Belt and the East Coast of Scotland. Our sister studio, Nettl of Glasgow covers the West Coast.

FABRIC EXHIBITION DISPLAY & STANDS

Gone are the days of lugging around heavy cases. Goodbye to magnetic bars and crying, trying to hang graphics precisely. Say farewell to posters which don't last a second show.

There are many reasons people are choosing fabric displays.

They're lightweight – each comes with a carrycase. They're compact – fit them in the boot of a car. They're robust – use them time and time again. They look great – a single continuous graphic in eye-popping high-definition. They're great value – they cost much less than you'd think.

Each display is a frame, which clips together. Then stretch a 'duvet' graphic over. Up in minutes, down in half that time.

WEBSITES SEO ECOMMERCE

Sell your delightful wares online with a new website or ecommerce web shop.

You're trying to win a new customer. You've intrigued them with a mailer or brochure. Or maybe they've seen the banner on your premises. Perhaps you've rubbed elbows at a networking event.

What do they do next? Probably Google you. And, almost certainly, look at your website. Why? For more information. For assurance. To decide if you're a credible outfit.

More than half of search is now from mobiles. Does your website work well on a smartphone? Is it easy for customers to buy, to book or to browse? Or is it time for an upgrade? To convert browsers into buyers.

Talk to us - arrange a no-obligation consultation now.

Nettl of Glasgow

COLLECTION/DELIVERY

As standard, customers collect their orders from the studio. We can deliver locally or nationwide for a small additional fee. If you need delivery in Edinburgh City Centre then we can arrange a same day courier delivery from £9 +VAT. Most of our local deliveries are done by an environmentally friendly bike courier. We can despatch to most UK mainland addresses on a next day, pre-12, or pre-10am delivery. Prices are for up to 10KG.

EDINBURGH CITY CENTRE

from **£9**

NATIONWIDE DELIVERY

from **£10**

PAYMENT

When we send you your order form you can then go to the nettl.com website and pay for it via our Stripe Gateway. Otherwise we can take card details over the phone, BACS payments, cheque or cash. Established companies with a good trading record who order print regularly can apply for a 30 day credit account.
